

Forecast For The United Kingdom
Issued by Met Office Exeter
at 1600 on Saturday 29 May 2021

++ Valid for broadcast between 1800 and 0600

Headline:

Sunnier and warmer, but low cloud affecting some eastern coasts.

This Evening and Tonight:

Any showers in the west and north dying out, then most places dry with clear periods, although low cloud and patchy fog near eastern coasts developing further inland overnight.

Sunday:

Fine and warm with plenty of sunshine for most places, with low cloud and fog soon clearing inland, but affecting some North Sea coasts throughout where it will be cool.

Outlook for Monday to Wednesday:

Fine and very warm for many Monday and Tuesday, after the clearance of early mist and fog. Often cooler near coasts. Showers developing Wednesday, with a risk of thunder.
